

You are invited to join Southwest/West Central Service Cooperative's **SMART Board Users' Networking Group**

SW/WC Service Cooperative is pleased to announce the first meeting of the SMART Board Users' networking Group. Whether you are just starting to use SMART Board Technology in the classroom, or have been teaching with it for years, this networking group will be a valuable tool for you.

We invite you to attend this networking meeting and meet your fellow SMART Board users. Share your ideas, expertise and enthusiasm, exchange ideas, and find the information you are looking for, including recent research, best practices, success stories, and daily tools. Share your knowledge, celebrate your success stories, and inspire your peers.

The SMART Board Users' Group is open to anyone in K-12 education. Our primary goal is to provide a place where users can share ideas, success stories, and collaborate with other users. We will serve as **facilitators only** for this group. We will not be presenting any formal training.

The SMART Board Users' Networking Group will meet 4 times per year (April, October, December, and February). The first meeting will be at SW/WC Service Cooperative on April 22, 2010 from 9:00 a.m. to 12:00 noon with lunch being served at noon.

The cost to attend a SMART Board Networking Group meeting is \$25 per person.

If you are interested in being a part of this SMART Board Users' Networking Group, or if you have any questions, please go to www.swsc.org/smart and click on the link to register for the first meeting. Once you contact us with your intent to be a part of the group, we will send you a reminder e-mail and request for agenda items prior to any meetings.
