Talking Tips for COVID-19

Be Informed and Accurate

Sticking to the facts can help with anxiety and keep you safe. Use sources like the CDC (www.cdc.gov) or the Minnesota Department of Health (www.health.state.mn.us/diseases/coronavirus).

Create a “Normal” Routine

Creating a daily schedule (as much as possible) can be reassuring and keep them from becoming more overwhelmed.

Hold Family Meetings

This is a chance to give information and check in with your children about how they are doing and questions they might have. Remember to be as calm and reassuring as possible.

Review Basic Hygiene & Know COVID-19 Symptoms

Reviewing basic hygiene and giving reminders can help stop the spread. Fever, cough and shortness of breath are all possible symptoms of COVID-19. If you notice these symptoms, contact your health care provider.
